Physicians Have Found Out
That a contaminating and foreign element in the blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive subcutaneous covering of the muscles and ligaments of the joints, causing constant and shifting pain, and aggregating as a calcareous chalky deposit which produces stiffness and distortion of the joints. No fact, which experience has demonstrated in regard to Hostetter's Stomach Bitters, has stronger evidence to support than this, namely, that this medicine of comprehensive uses checks the formidable and astrolous disease, nor is it less positively established that it is preferable to the potent often used to arrest it, since the medicine contains only salutary ingredients. It is also a signal remedy for rheumatism, constipation, dyspepsia, kidney and bladder ailments, debility and other disorders. See that you get the genuine.

PURSUANT to a decree of the Supreme Court of Tennessee, rendered in Knoxville, on the 2nd day of November, 1885, in the foregoing consolidated causes, and for the purposes in said decree set forth, on Tuesday, the 20th day of April, 1886, at the Court House door in Jonesborough, Tennessee, I will sell publicly, to the highest and best bidder, all the right, title and interest, legal and equitable, that each and all the parties to these suits, have in and to the "Embreeville Property," (hereinafter more fully described,) that which will be sold, being eleven and one half shares, (undivided,) of the whole twelve shares; or twenty-three twenty-fourths of the entire property will be sold.

The said property lies in Washington County, Tennessee, (being a small part now in Unicoi county) on the south side of Sals Chucky river, adjoining the same, in Civil District No. —, known as the "Embreeville District," (possibly some of the land may be in an adjoining district,) and contains, by estimation 50,000 acres, more or less; has on it valuable farming lands, much of it river bottom land, fine timbered lands and inalienable deposits of rich iron ores. The whole tract is composed of some twenty-seven minor tracts, all of which set out in a deed in trust, executed on the 17th day of September 1873, by C. W. Bradley, E. J. Brooks and James Goodrich to F. W. Earnest, Trustee, and registered in Vol. 1, of Trust Deeds, pages 8 and 9, in the Register's Office, for Washington county, Tennessee, and the deeds to tracts in said deed in trust included, registered in the Register's Office of said Washington County, and the grants in said deed of trust referred to, registered in the Land Office in Knoxville, Tennessee, are each and all referred to as giving in detail the location and boundaries of the several tracts which constitute the Embreeville Iron Works property. And if any tract or parcel of land, forming what is known as the "Embreeville Tract," is not included in the said 27 tracts enumerated in said trust deed, the same being covered by the pleadings in these causes will pass by this sale.

Terms of Sale.
One undivided share (one twelfth of the whole) will be sold separately, for the satisfaction of certain debts, etc., as set forth in the decrees.

Ten and one-half shares (undivided,) (ten and one-half twelfths of the whole,) will be sold for the satisfaction of the Blair and Meek debts, costs and other debts, as set forth in said decrees. The sales will be made in bar of the equity of redemption, and ninety per cent. of each sale, will be one and two years time, for which notes with good security, bearing interest from day of sale, must be given by each purchaser. And liens on the property sold to secure the full payment of the purchase price, will be retained in each sale.

Each purchaser will be required to give his note, with good security, for ten per cent. of the purchase price, bearing interest from date of sale, and to fall due and to be paid, on the day of confirmation of the sale by the Supreme Court, Knoxville, Tennessee.
